B-Tech
- Vedavyasa Institute Of Technology - 2019
CGPA : 7.08

💼 WORK EXPERIENCE

1.Python Django Developer | 6 Months

Company : Vitez LAB PVT LTD , Calicut
I've been working as a junior Python developer, six months after successfully completing a six-month internship. The internship ran from July 14 to December 12, 2022, and I officially became an employee on December 12, 2022. I'll continue in this role until May 11, 2023.

### Python Django Developer | June 2023 - May 2024

Company : Sandf Technology , Calicut **SandfTechnology.com** ⬈
Technologies Used: Python Django, .NET Core
"I'm currently a Python Django developer, deeply involved in project development and implementation. While I specialize in Django for rapid web application development, I am also proficient in the .NET framework. This dual expertise enables me to approach projects from various perspectives, ensuring efficient selection of the best-suited technology stack to meet project requirements."

📁 PROJECTS

Completed Projects

- **www.amecarobotics.com** ⬈
- **www.flynestholidays.com** ⬈
- **energyautoworks.com** ⬈
- **www.promptxpresslogistics.com** ⬈
- **ajobatechnicalservices.com** ⬈
- **thetrademanager.in** ⬈

In my ongoing project, amecarobotics.com, I'm utilizing Python Django to create a efficiently designed website. Completed projects like flynestholidays.com and energyautoworks.com were developed using .NET Core, showcasing modern, internet-connected applications. Additionally, I've successfully deployed WordPress for projects such as promptxpresslogistics.com, ajobatechnicalservices.com, and thetrademanager.in, providing user-friendly content management solutions for clients.

Database Skills

- SQL: Proficient in writing and optimizing SQL queries for data retrieval, manipulation, and management.
- MySQL: Experienced in utilizing MySQL database management system for various applications, including database design, implementation, and administration.
- SQLite: Skilled in working with SQLite, including database creation, querying, and integration into applications.
